

Nature is luxury Constance Halaveli Resort - Maldives

Constance Hotels Experience introduced in Milan its new pearl of the Indian Ocean.

In an evening marked by elegance on January 27th at the exclusive Principe di Savoia Hotel in Milan, the International group **Constance Hotels Experience** introduced its new pearl to a select audience of Italian journalists and tour operators: **Constance Halaveli Resort, its first property in the Maldives**, floating in the North Ari atoll.

A dreamy atmosphere marked an exclusive event where blue and ochre harmoniously alternated just like the beach and sea in Halaveli. The ambience was made even more evocative thanks to the light of candles floating in the water and to the images of the Constance Halaveli Resort on the maxi-screen.

The philosophy of Constance Hotels Experience, the new **five-star Maldivian resort** and the future openings were introduced by **Patrice Binet-Decamps, Managing Director** of the group together with **Barbara Gajotto, Manager for the Italian market** and **Siegfried Espitalier Noel, Marketing Manager** of the group.

"I am very glad I can give you a preview of the Constance Halaveli Resort, a hotel standing in a natural paradise that complies with the values of excellence of the group. **86 accommodations**, including beach and water villas with private swimming pool, will offer you an exclusive stay where comfort will be the protagonist. "Moreover" - continues **Patrice Binet-Decamps** - "the Italians love the Maldives' wonderful places and I hope that Halaveli as well, at its official opening in June, will deserve a special place in your heart".

With this new opening and those announced of **Moofushi Resort in the Maldives (2010)** and **Constance Ephelia Resort in the Seychelles (2009)**, the group will consolidate its role in the Indian Ocean.

Constance Hotels Experience: luxury and exclusivity today and tomorrow.
