INTRODUCTION

Depart George for the most beautiful sun-set cruise on the Knysna Lagoon. The lagoon is more accurately defined as an estuary, has five fresh water rivers flowing in from the surrounding Outeniqua Mountains meeting with the surge of sea water from the Indian Ocean through the mighty headlands - known as the Knysna Heads - the grand sandstone cliffs towering above the entrance to the lagoon. Witness spectacular sunsets over Knysna and toast the end of the day with a glass of bubbly and oysters.

A half day programme has been set where you as a guest get the opportunity to work with and assist the penguins by cleaning their living areas, preparing for feeding time and even at times witnessing and assisting with the releasing of rehabilitated penguins back to the ocean.
